

## MarketAg Levels of Service

### 1. Time Saver

For those who want to manage their grain sales themselves but need the price information, tools and market summary to make informed decisions. There is no advice with this service.

### 2. Cash & Pool

In addition to the Time Saver service, the Cash and Pool service provides clients proactive and personal advice with a clear marketing plan. It includes regular phone contact and alerts.

### 3. Comprehensive

This service will enable you to use derivative products, swaps, futures and foreign exchange in your marketing plan.

### What MarketAg will do for you with each service:
